We're closing our Beeston branch soon

Dear Mr Gamble

We've been looking at the way customers use our branches, as how people choose to do their banking has been changing for some time. Because of this, I'm sorry to let you know we'll be closing the Beeston branch on 11 May 2023. I appreciate you use this branch regularly, and this means you'll need to change how you bank with us. So I'd like to explain what will happen next and the options available to you.

We're here to help and support you

We understand you may want to keep using a branch for your banking and we've included a guide with this letter to give you details of the nearest alternative branches and ATMs. If there's something specific you do in branch, we'd be happy to talk about other possible ways of doing this. You're already banking online with us, but if you want to know more about what our service can do, please speak to your Relationship Manager.

A few steps you may need to take

There are a few things you will need to do if you have:

- **An Open Credit Facility** – if you'd rather it wasn't moved to Parliament Street Nottingham branch please let us know, we can move it to another one.
- **A courier delivery service in place** – please speak to your Relationship Manager for support on how to rearrange delivery of your cash and cheques.

We're here to help with any questions you may have

If you have any questions - or need any help with your banking, please contact your Relationship Manager. If you want to know more about how we've made the decision to close this branch, you can find its full Closing Branch Review at lloydsbank.com/branchreview or ask in branch for a copy.

Yours sincerely

Paul Hopper
Area Director, Lloyds Bank
